Acceptance criteria Report

Feature Key: DEF3-1

Summary: TASK 1 for TES

Description: Description for feature 1 for TES

Acceptance Criteria: Acceptance criteria for feature 1 for TES

Strengths:

None

Improvement Areas:

- The acceptance criteria are not provided in Given/When/Then format.

- The acceptance criteria are missing details and context.

- The acceptance criteria are not clear and understandable for non-technical users.

Revised Version:

Given a user is on the TES feature 1 page

When the user performs a specific action (e.g., clicks a button, enters data)

Then the system should respond in a predictable way (e.g., display a message, update the UI, save data).
